

Status Report: Update for COVID-19 Outbreak

June 30th, 2020 –UPDATE

Active Cases - Residents	0
Recovered Residents	26
Deaths	25
New Cases	0
Total Resident Cases	51
Total Staff Cases	15

June 30th, 2020 Update

Today's update is in response to the Provincial Medical Health Officer, Dr. Bonnie Henry and Health Minister Adrian Dix announcement regarding new rules for visitation in long term care homes. This is a welcomed announcement for our residents, families and care providers. Next week we will be developing the required visitation safety plan for approval by the Medical Health Officer. It will define the infection prevention and control protocols for family, resident and staff safety.

We look forward to having families reconnect with their loved ones and look forward to this positive step moving forward during this pandemic.

This week we are focused on concluding our outbreak by July 3rd, with an anticipated announcement on Friday.

Interim guidelines to visitation:
